

Live-8F

8-Port Fast Ethernet Switch

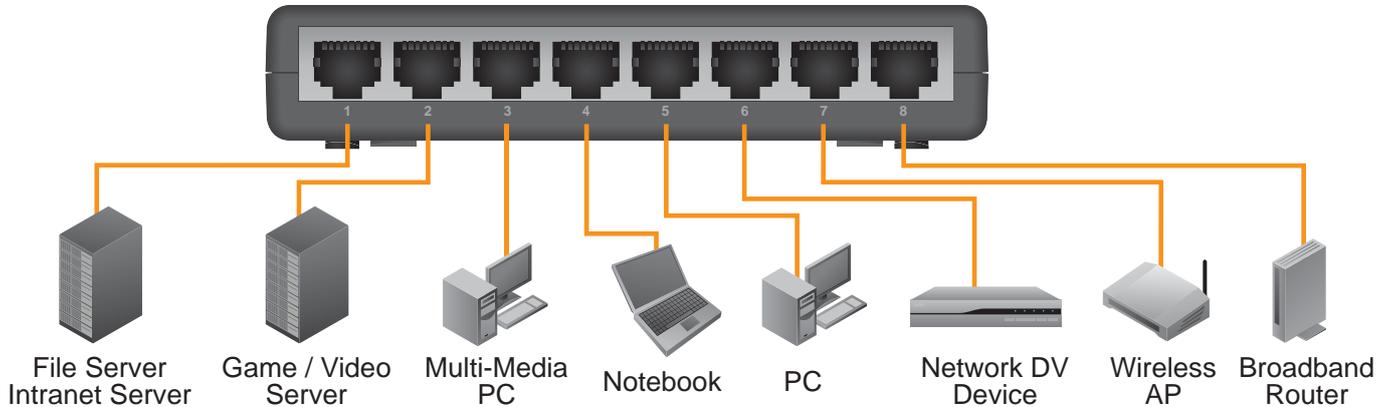

The Live-8F is an 8-port fast Ethernet switch enclosed in a mini and stylish housing. Each port is equipped with Auto-MDI/MDIX to eliminate the need for cross-over cable. In addition, N-way auto-negotiation function ensures plug-n-play simplicity. The comprehensive LEDs allow user to track network status at a glance. AirLive's Live series is the master piece of performance, reliability, and simplicity with eye-pleasing decor design.

Specifications

Standard

- IEEE 802.3 10BASE-T
- IEEE 802.3u 100BASE-TX
- IEEE 802.3x Flow Control

Interface

- 8 x 10/100Mbps RJ-45 switching ports

Transmission Method

- Store and Forward

Data Transfer Rate

- 10/100Mbps (Half-duplex), 20/200Mbps (Full-duplex)

LED indicators

- Power, Link/Activity

Power Supply

- DC 5V, 0.6A

MAC Address Table

- 1K

Buffer Memory

- 768K bits

Temperature

- Operating: 0°C to 40°C

- Storage: -10°C to 70°C

Humidity

- Operating: 35% ~ 85% (non-condensing)

- Storage: 10% ~ 90% (non-condensing)

Certification

- FCC Part 15 Class B,

- CE

Produce Weight (g)

- 130 g

Dimensions

- 70 x 127 x 24 mm
